

PRESIDENT: Senator Snyder, did you wish to be.....

CLERK: I'm sorry, I thought you asked to be excused.

SENATOR SNYDER: AT 3:00.

PRESIDENT: We are ready for LB875.

CLERK: Read LB875

PRESIDENT: Senator Snyder.

SENATOR SNYDER: Mr. President, members of the legislature, I move for the adoption of the committee amendments. The amendments then do two basic things, they allow, I should say that the amendments are the coorelation of three bills dealing with transit which the committee dealt with and the essence of these three bills are now tied into LB875 allowing for Omaha to increase its mil levy to operate its transit system and providing for a ten cent fare for the Senior Citizens. I would ask for unanimous consent for the adoption of the amendments.

PRESIDENT: The amendments....we will have a voice vote on them. Is there any discussion of the amendments? Those in favor of the committee amendments say aye, those opposed say no. Amendments are adopted.

SENATOR SNYDER: Now Mr. President, the amendments along with the fact that 875, the language would allow a the city to use some of its highways money if it so desires to or for use in the transit operations and those three areas constitute 875 and I would move that 875 be advanced to E & R.

PRESIDENT: The motion is unanimous consent motion to advance LB875, do I see any objections? I see none. The bill is advanced. LB875 is advanced. Next bill is 991.

CLERK: Read 991.

PRESIDENT: Senator Snyder.

SENATOR SNYDER: Mr. President, the bill, in fact the next four bills constitute a series of non-controversial bills which our committee heard, and this one merely provides for a cash flow system that is easier to work with, regarding general fund expenditures at the youth development center at Kearney. There was no opposition to the bill and I move or I ask unanimous consent to advance LB991 to E & R Initial.

PRESIDENT: Any objections? I see none, so we have advanced LB991. Next bill is 992.

CLERK: Read LB992.

PRESIDENT: Senator Snyder.

SENATOR SNYDER: Mr. Preisident, I ask for unanimous consent for LB992 to be advanced to E & R Initial. It merely takes care of an oversight of last year, when the department of correctional services was created and lowers the age from 21 to 19, the age for a person to be paroled from the boys training school.
